FULL-STACK DEVELOPER

A passionate and practical Full-Stack Developer specializing in the MERN stack for both web and mobile development. With hands-on freelance experience since 2022, I have developed scalable applications, collaborated with clients, and constantly refined my technical skills to deliver optimized solutions.

WORK EXPERIENCE

Freelance Full-Stack Developer

2022 - present

- Designed and developed responsive web and mobile applications using the MERN stack
- Collaborated directly with clients to define features and meet deadlines
- Integrated APIs, authentication systems, and real-time features using modern frameworks
- Focused on clean code, performance optimization, and user experience

SKILLS

- MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Full-Stack Mobile Development (React Native, Flutter basics)
- RESTful API & Backend Services
- State Management (Redux, Context API)
